Rich,
Just you know, we will be bringing two large maps with an aerial background and the locations of the wells which were sampled. I believe they were maps that were from the URS report for Cabel (Dec 2011). I pulled them from the OSC website.

Karen,
I understand that the map used in the ATSDR AROA (attached) came from you guys. What is the source (i.e. Cabot, PADEP, etc.)? ¶
